WHY IT'S DIFFERENT

- **Live resin, not distillate.** Full terpene expression. The flavor difference is obvious on the first pull.
- **Battery included in the kit.** No add-on sale, no compatibility question, no customer walking out to think about it.
- **Eight strains with real demand.** Gelato, Runtz, Blue Dream, GSC. Names shoppers arrive already searching for.
- **Refills at \$35.** Once the battery is in their pocket, the reorder is cheaper and stickier.

WHY RETAILERS SELL IT

- **Battery included, no add-on sale.** The customer walks out ready to use it, with nothing left to explain.
- **A kit case is only 5 units.** Low enough to test a strain, small enough to run eight of them at once.
- **Refills keep the customer yours.** A \$35 refill on a 10-unit case is the reorder a competitor never sees.
- **Fastest turn in the category.** Disposables reorder weekly where flower reorders monthly.
